# THE STATUS OF YELLOW

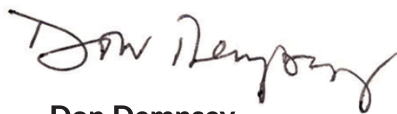

It seems as though time has really flown by, as both of us are doing something that we have a passion for and truly love. Entering the 20th year, we are both amazed and blessed to have been working with the wonderful employees that we have here, many who have been with us for the entire journey. Not only do we say thank you to the employees who are still here but the ones that also have contributed to making Yellow Dog a respected company in the pet industry and have moved on. This company is about empowering our employees to be the best they can be and to grow a company they can share in - so thank you to each and all!

We have said this before and this year is no different than any other year. Without our customers we don't exist. So thank you to each and every one of our customers over these past 20 years. We exist because of you. This will never be taken for granted and each and every employee here understands that principle.

While Don and Mike started this concept, and it has lasted 20 years, it is the employees and customers who have made this business a success. We are both grateful and blessed for all of you! Thank you for what you have done and inspired us to do. We plan to continue this journey with your help-always designing and making our products here in the United States with a bottom line that has our employees and customers at the forefront.

You can count on new designs, new products for 2020-we will be adding new products and designs to be showcased at Global Pet in February, and Super Zoo in August. We will run specials for both product and pricing during this year to celebrate these past 20 years so be on the lookout for this, as it will be done to thank our customers.

Thanks again for everyone's support. It has been quite a journey that we continue with a passion to stay on the cutting edge of design, both in the art that we use and products we offer. See you down the road!

## SOUTHERN CANINE STYLE

Seersucker Blue w/Shamrocks (SSBS)  
Pink & Blue (SDGPB)

The classic style of the South known throughout many college campuses and beaches along the Southern States from Wilmington to South Beach gives a distinct look and feel of a time that was more simple and free. Southern Dawg's intentions are to introduce people from across the country to this traditional style that has been popular for many years with designs that include seersucker, plaids and the rep stripe. These iconic designs coupled with the silver hardware make for a beautiful, classic, look and a perfect fit for your best friend. We have added a silver charm to go along with these collars that can be engraved and compliment the silver hardware on the collar.

We feel so strongly about the look and designs for Southern Dawg, we are offering the same designs in keychains, lanyards, belts and eyewear retainers. Join us in celebrating this unique design and style with our new product line, Southern Dawg.

# Kris Ruff™

Kris Ruff has a passion for color and pattern. Influenced by Scandinavian modern style and inspired by nature, she uses lively linework and simple shapes to create playful, energetic designs that are as modern as they are timeless.

Kris lives and works in Minneapolis, MN and left her graphic design job in 2000 to pursue a dream of creating her own products. She started with a line of skydiving t-shirts (she's been a skydiver for 30+ years) and then grew her business into a full lifestyle brand. Today her products span categories from home goods, fabric, and stationery, to gifts, pet products, and luggage. Her mission is to create functional products that encourage us to have fun with color and pattern, bringing a little joy into our everyday lives.
